- b. Memorandum from Chief, PNP dated September 2, 2005, subject: Official Use of Government Vehicle for Energy conservation.

2. It has come to the attention of this Directorate that there has been an increasing trend in the occurrence of cases of "unauthorized use of government vehicle" within the organization (PNP), wherein in most cases, PNP vehicles have been sighted outside of your respective Area of Responsibility (AOR).

3. Section 2 of Administrative Order 126 dated August 13, 2005 in line with the Energy Conservation Program is quoted as follows:

" Section 2. All government agencies and offices are prohibited from using government vehicles, aircraft and water craft for purposes other than official business: Provided, the use of the vehicle shall be displayed on the windshield or in another conspicuous place on the vehicle: Provided, further, that vehicles used by intelligence and investigative agencies of the government shall not be covered by the foregoing proviso.

The use of the government vehicles on Sundays, legal holidays, or out of the regular office outside the route of the officials or employees authorized, be prima facie evidence of violation of this Section in the administrative proceeding against the officials or employees responsible of such violation.

All government agencies and offices shall limit use of government vehicles to essential activities and shall review their travel program and schedules to minimize unnecessary trips."

4. In order to preclude the occurrence of similar incidents in the future and to avoid personnel from being administratively charged, strict adherence to the aforesaid order is hereby enjoined.
